Summary

Motivated and innovative graduate seeking a position in creative design to utilize graphic design, coding and 3D modelling skills, as well as interactive customer platforms; Offering an extensive education in media arts and digital technologies as well as the knowledge and experience to head troubleshooting, refinement and debugging of different design models.

Skills Summary

- I have WHMIS training and valid certificates in First Aid, Fall Protection, and man-lift operation.
 - I am knowledgeable in the operation of both Windows and MacOSX and I have experience coding in Processing, PureData, OpenGL, and Objective C.
 - In addition to my extensive experience with Adobe Creative Suite Products such as Photoshop and Illustrator, as well as 3D computer graphics software such as 3ds Max, Sculptris, and Blender, I am certified in the use of ToonBoom Harmony and I also have experience with using Audacity and the Unity 3D game engine.
-

Professional Experience

Assistant Cribber, 2000 - Present

A & L Contracting, Airdrie, Alberta

- My current role involves laying out job-sites, standing and tearing down concrete forms, straightening walls, tying steel, finishing concrete slabs, operating landscaping equipment and occasional travel across Alberta.

C4 Summer Residency, 2012

Alberta College of Art + Design MADT Department, Calgary, AB

- During this residency, I helped troubleshoot and beta test applications created using the C4 framework, offered advice regarding potential features to add to the finished product, and provided consultation & support for the other residents on the development of their applications and ideas.
- Using gitHub, I helped establish the C4 framework and created iOS applications that demonstrated said framework's capabilities. I also wrote tutorials for the website and questions to answer on StackOverflow.com.

ACAD Graduation Exhibition, 2011

Alberta College of Art + Design, Illingworth Kerr Gallery, Calgary, AB

- In a demonstration of the skills and competencies learned throughout the completion of undergraduate degree at ACAD, the artwork that I created for this exhibition is a 3D augmented reality installation that takes the viewer's reflection from a virtual pool and brings it further into three-dimensional space.

Vulcan Enterprise Project, 2010-2011

Alberta College of Art + Design MADT Department, Calgary, AB

- While collaborating with a team to create interactive touch screen technology for visitor interfacing with the Visitor Center in Vulcan, Alberta, I managed all of the program refinement and debugging, thus demonstrating my problem solving and analytical skills.

Independent Projects, Ongoing

- I've created and exhibited art and design work, including video, 3D animations, and playing card designs for various ACAD Show + Sale events. I have also presented work for ACAD's annual MADTfest in both 2009 and 2010. This involved college-wide demonstrations, installations and presentations by Alberta College of Art + Design MADT students as a celebration of ongoing innovation and collegiality. I also maintain my skills and develop further expertise through the use of ACAD's Extended Studies program.

Volunteer Experience

GIRAF Animation Festival, 2011-2016

Quickdraw Animation Society, Calgary, AB

- Volunteered at the GIRAF animation festival from 2011 to 2016 performing duties such as information table attendant, fire monitor, audience counter, and both the set-up and clean-up of the venues.
- Helped renovate the Quickdraw animation society's new location on 2011 10th Ave SW. Assisted by cutting drywall, installing insulation, and cleaning up the job site.

Alberta College of Art + Design, 2011

Alberta College of Art + Design MADT Department, Calgary, AB

- Given several demonstrations of the Processing programming language at both workshops and for the MADT 101 and MADT 307 courses at ACAD.

Education & Training

Meticulon, 2014

Calgary, Alberta

- Completed both the training and internship for software testing.

Alberta College of Art + Design - Bachelor of Fine Arts, Media Arts + Digital Technologies, 2011
Calgary, Alberta

- Awarded the Jason Lang Scholarship in the academic years of 2006/2007, 2008/2009 and 2009/2010; based on merit of work and overall GPA.

Bert Church High School, 1997-2001
Airdrie, Alberta

- Awarded the Alexander Rutherford Scholarship in Grades 10, 11, & 12; for receiving a grade of 80% or higher in five subjects.
